Minutes of the Stakeholder Consultation Meeting held on 14/11/2012 at 3.30 pm at TACT Conference Hall, Shanghumughom, Thiruvananthapuram in the matter of submission of Annual Tariff Proposal for the third Tariff year 2013-14 to be submitted by KSIE Ltd to Airports Economic Regulatory Authority of India (AERA) for the services provided for Cargo Facility at the Air Cargo Complexes at Thiruvananthapuram and Kozhikode International Airports under KSIE Ltd.

Attendance – As per statement attached.

Shri A. Abdul Rehiman, General Manager (Air Cargo Complexes), KSIE chaired the meeting.

General Manager (Air Cargo Complexes), KSIE explained the necessity for convening the stakeholders consultation meeting. The finalization of the Annual Tariff Proposals (ATP) for the Trivandrum and Calicut Air Cargo Complexes to be submitted to AERA is due, since the Company has to revise the Tariff with effect from 1/4/2013 for ensuring a continuous viable operation. It was explained in the meeting that as per directions of AERA, the Company had submitted its Annual Tariff Proposal for the first tariff year under the first control period of 5 years from 1/4/2011. However, after approval by AERA the Company could revise the Tariff only with effect from 30/3/2012. The same Tariff was continued for the second Tariff year from 1/4/2012 as there was not much scope for revision of tariff for the second year. There was also request from the stakeholders not to revise the Tariff for the second year. This was also approved by AERA vide the order No.13/2012-2013 and Order No.14/2012-13 for Thiruvananthapuram and Kozhikode Airports respectively. Infact, while implementing the revised tariffs, the Company has fixed lower rates than the ceiling approved by AERA in respect of import demurrage charges and export terminal charges. The Company is now required to submit the Annual Tariff proposal for the third year with effect from 1/4/2013.

General Manager (Air Cargo Complexes), KSIE informed in the meeting that the company has made continual improvements of the infrastructural facilities provided both at Trivandrum and Calicut Air Cargo Complexes. The Company has to honour the obligations under the Customs Cargo Service Providers Regulations 2009 and bear additional cost to increase the deployment of CISF personnel at Trivandrum and Calicut Air Cargo Complexes. Further, Company has to meet the increased land lease amount to AAI and pay GTO Charges etc. The

Company's business has to be financially viable for sustenance for which revision of tariff is imperative.

Shri. M. Viswanathan, AGM(Fin), Shri. M. Basi Kumar AGM(Fin), Shri. P. Prabhakar DGM(F&A), represented Airports Authority of India and informed in the meeting that the MOU signed between KSIE and AAI for using the Export facility at Kozhikode Airport is due for revision and at present 30% of the income generated from Export Operations is shared with AAI. They opined that the AAI should get 40% of the Export income, lease amount as they decide from time to time for the space and 13% of GTO on total import income generated at Calicut and a provision may be provided in the Annual Tariff Proposal to be submitted before AERA for renewal since 1/4/2013. They also argued that whatever arrangements are finally accepted for Kozhikode Airport, the same may be extended to Thiruvananthapuram also for safeguarding the interests of the AAI. In reply to this, General Manager (ACC), KSIE reiterated in the meeting that if we accommodate any increase either as revenue share or GTO, it will jeopardize the operations of KSIE. This will compel the Company to seek approval for a substantial revision of tariff, which will not be in the interest of the stakeholders. Hence it was requested not to raise any further increase by AAI for safeguarding the interests of all stakeholders. Shri. R. Raghaven representing ACCAI-KR has expressed his concern over the demand of AAI that if they insist on any increase in the present arrangements, it will be a burden for the exporters and importers and other stakeholders. He requested in the meeting that AAI should desist from demanding such claims considering the interest of trade and will retard the development of the Thiruvananthapuram and Kozhikode Airports. This has been also supported by the Airline representatives present in the meeting. Shri. Sureshkumar, Vice President, ACHAT also expressed his concern over this demand by AAI.

General Manager (ACC), KSIE informed in the meeting that the Company is hopeful of getting approval from AERA to increase the Annual Tariff by around 15%.

Shri. R. Raghaven, ACCAI-KR, opined in the meeting that any increase in the Tariff must be in proportion to the quality of service and facility provided in the Export Terminal and the parameters of service should be specified by the Custodian and stated that KSIE is doing a monopoly business and there is no competition for the Company. GM (ACC), KSIE clarified that it is not a monopoly business and the Company is facing competition from CIAL, and other Air Cargo Complexes in the neighboring States. The Exporters and Importers can

choose the port of their own choice and hence no monopoly of business in the Air Cargo operations. KSIE's charges are still considered to be low among other services providers. Therefore a revision of Tariff is unavoidable.)

Shri. Suresh Kumar, Vice President, ACHAT and CEO, Classic Cargo Carriers informed in the meeting that if the Company goes on increasing the Tariff on every year it will be difficult to retain the Exporters and Importers at these Airports. He also demanded that more facility to be provided in the Export Complex like provision for Agents and Airlines Office. They will not favour to any increase in the tariff. GM(ACC) has clarified in the meeting that the export facility created near to the NITB is only a temporary measure till the Company constructs a Cargo Complex as per the master plan of AAI. Sizable profit of the Company has been reinvested to provide more facility for Exporters and Importers. Therefore it is very essential to revise the existing charges.

Shri N Radhakrishna Pillai, ACAAI, Kerala Region has also opined that KSIE should improve quality service provided to Stakeholders. GM ACC replied that both of our Cargo Complexes are ISO Certified and KSIE is providing better services when compared to the services provided by other Cargo Complexes. Wherever there is scope for further improvement, the Company shall definitely do so and continues improvement in the quality of service is Company's motto as per quality standards adopted by the Company.

While summing up the meeting GM (ACC) KSIE ensured that the views, concerns, apprehensions raised in the meeting by the stakeholders will definitely be conveyed to AERA along with the Annual Tariff Proposal (ATP). The meeting was wound up at 5.00 PM .

## Annexure II

Summary of concerns expressed by stakeholders of Trivandrum and Calicut Air Cargo Complexes in the meeting held on 14/11/2012.

1. Representatives of AAI raised the demand to share the income from both import and export operations, to be made applicable at both the Airports instead of only export income shared at Calicut Airport.
2. No need for an immediate revision of tariff since KSIE is a profit making Company.
3. Value added services to be provided.

A handwritten signature in black ink, consisting of a series of loops and strokes, positioned to the right of the circular stamp. Below the signature is a long, diagonal line.

### Annexure III

Details of remedial action taken by KSIE on the concerns raised by the stakeholders:

1. Representatives of AAI raised the demand to share the income from both import and export operations, to be made applicable at both the Airports instead of only export income shared at Calicut Airport.

Remedial measures:

This demand was raised by the AAI Officials at the Unit level in the past also. At Calicut, 30% of the export income is given to AAI based on an MOU for using the facilities provided by them at the Airport. There is no such agreement with AAI for using their facilities for handling import cargo either at Calicut or at Trivandrum. Import cargo is handled in KSIE's complexes duly approved by the Customs. At Trivandrum after commissioning the new International Passenger Terminal, KSIE has been allotted 4000 sq meter land by the AAI for export cargo handling on the basis of higher level decisions for which land lease amount is given to AAI. All these are temporary arrangements pending relocation of Cargo Complexes. These arrangements have the approval of competent authority of AAI as well as the State Government and at present there is no scope to review these arrangements which will be detrimental not only to KSIE but also to other stakeholders as expressed by them in the stakeholder meeting.

2. No need for an immediate revision of tariff since KSIE is a profit making Company.

Remedial measures:

Various charges fixed by KSIE are low compared to the rates prevailing in other Airports. Revision as proposed is essential to maintain minimum profit level especially in the wake of manifold increase in the recurring expenses like CISF security cost, Customs cost etc apart from other infrastructural costs. Apart from these, there is significant fall in the arrival of import cargo (unaccompanied baggage) due to unforeseen customs clearance related issues, affecting the income of the Company.

3. Value added services to be provided.

Remedial measures:

This is being seriously considered by KSIE and the stakeholders will be taken into confidence before venturing into new services.

**Annexure IV**

**Reasons for not addressing balance concerns**

There are no other concerns expressed by the stakeholders.
