

ENR No. AAI/CHQ/AERA/MYTP-Amritsar

# भारतीय विमानपत्तन प्राधिकरण AIRPORTS AUTHORITY OF INDIA

Date: 10/07/2020

The Director, (P&S),  
Airports Economic Regulatory Authority of India,  
AERA Building,  
Administrative Complex,  
Safdarjung Airport  
New Delhi-110003

**Sub: - AAI Comments on Consultation Paper No:-06/2020-21 in the matter of Determination of Aeronautical Tariff in respect of Amritsar Airport for the first Control Period (01.04.2019 to 31.03.2024).**

Sir,

Reference is invited to consultation paper no:-06/2020-21 in the matter of Determination of Aeronautical Tariff in respect of Amritsar airport for first control period(01.04.2019 to 31.03.2024). The following comments of AAI on CP may be considered for determination of Aeronautical tariff of Amritsar Airport.

Sr. No	Consultation Paper	AAI Response																																																												
1	<p><b>Refer Para-4.12 of CP-Passenger Growth Rate</b></p> <p>AERA has considered Passenger growth rate (-0.88%) and 9.46% for Domestic and International respectively for FY 2019-20 based on actual upto Dec 2019 and linear extrapolation upto March 2020.</p> <p>AEAR has also considered 3 year CAGR i.e. 18.48% for Domestic and 3 year CAGR i.e. 17.55% for the 2<sup>nd</sup> year of the control period and onwards as per Table-7 are as under: -</p> <table><tr><td></td><td>FY</td><td>FY</td></tr><tr><td></td><td>1920</td><td>2021-24</td></tr><tr><td>D(%)</td><td>-0.88</td><td>18.48</td></tr><tr><td>I(%)</td><td>9.46</td><td>17.55</td></tr></table>		FY	FY		1920	2021-24	D(%)	-0.88	18.48	I(%)	9.46	17.55	<p>AAI has submitted MYTP considering Passenger growth based on Actual upto Nov2019 as projected by CPMS which are as under: -</p> <table><tr><td></td><td>FY</td><td>FY</td><td>FY</td><td>FY</td><td>FY</td></tr><tr><td></td><td>19-20</td><td>20-21</td><td>21-22</td><td>22-23</td><td>23-24</td></tr><tr><td>D(%)</td><td>16</td><td>12</td><td>12</td><td>12</td><td>10</td></tr><tr><td>I(%)</td><td>15</td><td>10</td><td>10</td><td>10</td><td>8</td></tr></table> <p>As the Aviation Sector is going through a turbulent phase due to nationwide lockdown to contain the spread of Covid-19,</p> <p>AERA is requested to consider the revised passenger growth based on FY1920 actual considering the impact of COVID -19 projected by Dept. of CPMS, AAI as under: -</p> <table><tr><td></td><td>FY</td><td>FY</td><td>FY</td><td>FY</td><td>FY</td></tr><tr><td></td><td>19-20</td><td>20-21</td><td>21-22</td><td>22-23</td><td>23-24</td></tr><tr><td>D(%)</td><td>(5)</td><td>(39)</td><td>20</td><td>16</td><td>16</td></tr><tr><td>I(%)</td><td>2.6</td><td>(63.4)</td><td>70</td><td>25</td><td>25</td></tr></table>		FY	FY	FY	FY	FY		19-20	20-21	21-22	22-23	23-24	D(%)	16	12	12	12	10	I(%)	15	10	10	10	8		FY	FY	FY	FY	FY		19-20	20-21	21-22	22-23	23-24	D(%)	(5)	(39)	20	16	16	I(%)	2.6	(63.4)	70	25	25

REPORT OF THE  
COMMISSIONER OF INDIAN AFFAIRS

Note:- For FY20-21, No. of Pax is assumed for 10 months due to 2 months nationwide lockdown.

2. Refer Para-4.13 of CP-ATM Growth Rate

AERA has considered ATM growth rate 1.19% and (10.83)% for Domestic and International respectively for FY 2019-20 based on actual upto Dec 2019 and linear extrapolation upto March 2020.

AERA has also considered 5 year CARG i.e. 13.09% for Domestic and 3 year CAGR i.e. 6.5% for the 2<sup>nd</sup> year of the control period and onwards as per Table-7 are as under: -

	FY	FY
	1920	2021-24
D(%)	1.19	(10.83)
I(%)	13.09	6.50

AAI has submitted MYTP considering ATM growth based on Actual upto Nov2019 as projected by CPMS which are as under: -

	FY	FY	FY	FY	FY
	19-20	20-21	21-22	22-23	23-24
D(%)	15	11	11	11	9
I(%)	14	9	9	9	7

As the Aviation Sector is going through a turbulent phase due to nationwide lockdown to contain the spread of Covid-19, AERA may be requested to consider the revised passenger growth based on FY1920 actual considering the impact of COVID-19 by CPMS as under: -

	FY	FY	FY	FY	FY
	19-20	20-21	21-22	22-23	23-24
D(%)	(0.7)	(32.7)	18	15	15
I(%)	(13.5)	(54.3)	65	22	22

Note:- For FY20-21, No. of ATM is assumed for 10 months due to 2 months nationwide lockdown

3. Refer Table no. 42- of CP-Freight Growth Rate

AERA has considered the following Freight growth as projected by AAI.

	FY	FY	FY	FY	FY
	19-20	20-21	21-22	22-23	23-24
D(%)	15	12	12	12	10
I(%)	12	12	12	12	10

As the Aviation Sector is going through a turbulent phase due to nationwide lockdown to contain the spread of Covid-19.

AERA may be requested to consider the revenue from AAICLAS on the basis of the revised Combined Freight growth based on FY1920 actual projected by CPMS are as under :-

	FY	FY	FY	FY	FY
	19-20	20-21	21-22	22-23	23-24
D(%)	31.7	(18.5)	20	18	18
I(%)	89	(42)	60	25	25
Total	58.2	(31.2)	38.7	21.8	21.9

Hence, Revenue from AAICLAS may be taken as under:

(fig in Lacs)

FY	FY	FY	FY	FY
----	----	----	----	----

		19-20	20-21	21-22	22-23	23-24	
		88.65	60.99	84.58	103.00	125.53	
5	<b>Refer Para 5.3 – Employee ratio ( Aero : Non Aero)</b>						
	Refer table 8: It is mentioned that the ratio of Non Aero : Aero used by AAI are as under:		AAI had submitted the following ratio in the MYTP for Non Aero : Aero :				
	Particulars	Ratio (F.Y. 2017-18)	Particulars		Ratio (F.Y. 2017-18)		
	Employee ratio	5:118	Employee ratio		5:109		
	Quarter ratio	2:52	Quarter ratio		2:50		
			AERA is requested to consider the above ratio.				
6.	<b>Refer Para 5.11 – Employee Ratios</b>						
	AERA mentioned AAI has considered the employee ratio without deducting the cargo employees and ANS share of employees in Finance and HR. The Authority has computed the employee ratio based on above observations as 5/107. Accordingly, the Authority proposes to consider the ratio as 5/107.			It is to clarified here that AAI has deducted the cargo employee for all purpose. (However, the ANS share of employees in Finance and HR has been considered for payroll purposes only). and hence the ratio considered by AAI is EMP R-67( ANS):4 (Cargo):5(Non Aero):109(Aero).			
				<ul style="list-style-type: none"><li>• HR and Finance employee work for ANS, Non-Aero as well as Airport. In the same way out of 39 CNS Staff 40% to 50% work for Passenger facilitation(FIDS/CCTV/X-Bis) but there proportion for aero has not been considered for determination of Tariff (payroll and allocation of assets).</li><li>• Common assets have been bifurcated on the same basis i.e.5:109 but AERA has considered the 7 employees out of 19 employees of HR &amp; Finance as proportion of Finance &amp; HR to ANS for allocation of Assets. Therefore, only proportion of payroll cost of common employees to ANS/Non-aero is proposed in Form 11B in line with the previous tariff orders of AAI airports issued by AERA.</li><li>• AERA is requested to consider the ratio proposed in MYTP as Amritsar is proposed for next PPP model as a result only Aero amount of common assets will be paid by Concessionaire in other words ANS proportion of common assets will not be paid while all the assets used by HR &amp; Finance staff physically handed over to him.</li></ul>			

		<ul style="list-style-type: none"> <li>Allocation of Assets is done on the basis of actual utilization for the facility provided for like Navigation/Airport services/Non-aero Activities.</li> <li>Hence AERA is requested not to consider proportion of HR &amp; finance for allocation of common assets</li> </ul>
--	--	---

**7. Refer Para-5.10-Terminal Building Ratio (Aero:Non-Aero)**

<p>Considering that the passenger profile at Amritsar Airport, is dominated by tourists, the AERA has consider the terminal building ratio as 10% for the bifurcation of Capex/expenditure into Aero &amp; Non-Aero, in line with the optimum terminal building ratio of 8%- 12% as approved for similar airports.</p>	<p>AAI has submitted Terminal Building Ratio 5.43% based of the actual allotment of Non-Aero in the Terminal Building.</p> <p>Justification: Even the present allocation of 5.43% is not fully utilized. The clientele at Amritsar is primarily Pilgrim Tourism which does not generally spend at airport.</p> <p>Also, the guests normally travel with a lot of luggage making it necessary to have more movement space</p> <p>AERA is requested to consider the Terminal Building ratio 5.43% based on the actual area allotment to concessionaires to run their business at the airport.</p> <p>Accordingly, bifurcation of common assets and depreciation may be calculated for ARR.</p>
--	--

**Refer Para 5.12: Allocation of common asset**

Particular	Common assets ( INR in Cr)	Remark
Terminal Building	58.74	All Common Assets have been Allocated as per the Terminal Building ratio of 10%.
Building -- Residential	1.32	Quarter ratio of 2:52 to be applied instead of employee ratio
Boundary wall residential	0.30	Quarter ratio of 2:52 to

Particular	AAI Comment	
Terminal Building	AERA may be requested to considered the Terminal Building ratio 5.43% based on the actual area allotment to concessionaires to run their business at the airport.	
Building -- Residential	AAI agrees that Quarter ratio to be applied instead of employee ratio, but the quarter ratio to be applied should be 2(non aero):2 (cargo):37(ans):50( aero) accordingly, the amount of common assets will get changed as the amount of ANS and Cargo will now be based on quarter ratio.  Accordingly, The figure will be as under:	
Boundary wall residential		
Particular	Common assets	AERO

			be applied instead of employee ratio			Build. Res	1.22	1.18
	Electrical Installations	68.31	The total common assets of INR 68.31 crore have been proposed to allocate on the basis of terminal area ratio.			Boudary wall. Ress	0.25	0.24
	Office Furniture	1.38	AAI allocated the assets as 100% aeronautical. However, because these assets are used commonly by all employees, the Authority proposes to allocate these on the basis of Employee Ratio of 5:107		Electrical Installations	Rs. 68.31 cr. has wrongly been considered as Common assets, as it includes most of the item which are purely AERO in nature e.g. Electrification of isolation bay-Airside, Perimeter road Lighting work, Lifts elevator, escalator, runway lighting etc. which are purely aero and may not be considered as common. Hence, AERA may be requested to consider assets worth Rs. 5.47 cr. as common as in MYTP based on actual use and same has already been bifurcated in the MTPY by using appropriate ratio i.e. TB ratio, employee ratio.		
	Other Office Equipment	0.97	AAI proposed an allocation of ~99% aeronautical for these assets. However, because these assets pertain to office equipment used by the employees, the Authority proposes to		Office Furniture Other Office Equipment	Since these are allocated as per actual use. AERA may be requested to consider the allocation as proposed in MYTP by AAI. Also, to consider the employee ratio -AERA may be requested to consider the employee ratio at 5:109 instead of 5:107 as per reply no.-5		

			allocate these on the basis of Employee Ratio. Of 5:107																																					
9.	<b>Refer Para 5.4 ,Table -9: Other Office Equipment</b>																																							
	Table showing the assets allocation as per AAI: Other Office Equipment, Aero assets mentioned is Rs. 2.34 crores.		The aero part of Other Office Equipment is Rs 0.96 cr. AERA is requested to consider aero part of Other Office Equipments at Rs. 0.96 crore instead of Rs. 2.34 cr.																																					
10.	<b>Refer Para-7.10.4 table no.17-- Addition cost in addition to Normative cost of Expansion of Terminal Building</b>																																							
	AERA has considered PTB at Rs. 195.90 as under:		AERA is requested to consider the expenditure of Rs. 47.17 cr. ( as intimated by Dte of Engg vide email dated 25.06.2020.) in addition to Cost of Rs. 195.90 cr. considered by AERA as per given below details

7.	Total Benchmarked cost for proposed expansion of existing PTB	195.90																																						
Particular	Amt in cr.	Justification																																						
Cost proposed by AERA (A)	195.90																																							
Canopy over the front road	2.07	The terminal area of 16000 sqm is excluding of canopy having area 2600 sqm (corresponding Plinth area as per CPWD will be 0.50x2600= 1300 sqm). Hence this is the additional area. The additional cost of canopy based on AERA order no. 07/2016-17 comes out to 2600x0.5x1,00,000= 13.00 Crs. However, the cost proposed wrt canopy is Rs. 2.07 Crs.																																						
Pile foundations required as per site soil condition	13.66	Pile foundation are not normally used for construction of every terminal building. The such foundation is proposed at Amritsar due to having different soil conditions. Thus increasing the cost in addition to normal construction cost of the building. Further the AERA order no. 07/2016- 17 & AERA consultation paper no.																																						

			05/2014-15 are silent about the such specific requirement due to poor soil condition.
	Street lighting with led	0.09	This scope is addition to the scope/specification specified in AERA order Annexure-II of AERA order no. 07/2016-17 and also in AERA consultation paper no. 05/2014-15 this cost is proposed to be considered addition to the cost of T.B @ Rs. 65000/- per sqm.
	Body Scanner	3.61	Full body scanners as per BCAS circular no. 05/2019 dt. 08.04.2019 has mandated the installation of Body scanner as Pre - Embarkation Security check points of all Airports.
	Provision of Automated Baggage Drop System	0.60	This provision is recently introduced at the Airport and No AA1 airports are having such provisions till.
	Support Engineer Two (L1+L11 for 5 Years	0.12	The provision of support Engineer for IT is required after completion of the terminal building for 05 Years. Under the AERA order no. 07/2016- 17 as well as AERA consultation paper no. 05/2014-15, no such provision/consideration is considered w.r.t. support services after completion of building work. The control period is 01.04.2019 to 31.03.2024 & likely completion of terminal building work is Dec.

			2022. Hence cost for 1.25 year i.e. Rs. 0.12 Crs. need to considered additionally out of total amount of Rs. 0.48 Crs.
	Component of Design Charges	2.77	Engineering Design consultancy/PMC charges are not mentioned under the Annexure I /II of AERA order no. 07/2016-17 as well as under the AERA consultation paper no. 05/2014-15. This expenditure is in addition to normal construction expenditure, which need to be incurred by AAI
	Component of CER	1.44	The expenditure on account of CER (Corporate environmental responsibility is implemented By MoEF vide order dt. 01.05.2018 i.e. after AERA order no. 07/2016-17.
	Component of Employer's part contribution of ESIC & EPF	8.72	Out of Amount Rs. 15.81 Crs, the component of Employer's part contribution of ESIC & EPF is Rs. 8.72 Crs. & contingency part is Rs. 7.09 Crs. Such cost is wrt compliance of statutory provisions wrt labour and reimburse to the contractor based on the actual paid amount which is apart from the IDC & taxes. Employer's contribution for EPF & ESIC was not of normal construction cost but need to be reimbursed separately. This scope

			is addition to the scope/specification specified in AERA order Annexure I & Annexure-II of AERA order no. 07/2016-17 and also in addition to the scope/specification mentioned in AERA consultation paper no. 05/2014-15.
	Strom water drain & horticulture operation	0.41	
	Art work	0.95	
	IBMS: integrated building management system	0.58	
	Lighting automation including occupancy sensors	0.41	
	Miscellaneous systems (Entertainment TC, e-gate, Dynamic signage's, In-Building solution, etc.	0.60	
	Total (B)	36.03	
	Corresponding Component of Contingency @3% on Amount Rs. 36.03 Crs	1.08	
	Corresponding Component of Contingency @ 3% on Amount (Rs. 35.90 Crs) considered by AREA in addition to Rs. 160.00 crs for T.B.	1.08	This is need to be considered as addition to the cost considered by AERA of Rs. 35.90 Crs.

		<table><tr><td>Component of GST equivalent to earlier applicable service tax i.e. 15% of 40% on (Rs. 243.28-Rs. 93.64)</td><td>8.98</td><td>Earlier VAT was part of Project cost. 	Total normative cost	91.90	factor		
	Cost proposed by AAI (INR crores)	98.00	Normative cost (INR crores)	78.1	
	Cost proposed by AERA (INR crores)	91.90	Cost of IAF rehabilitation	13.4	
			Office support & demolition	0.40	
			Cost proposed by AERA (INR crores)	91.9	
			a) Cost of RCC Vent Box Culvert.	6.10	a) A natural drain is crossing the Runway as well as will cross the PTT at Runway end. This is specially required as per site condition which is normally not applied to all Airports. The scope mentioned under Annexure-II of AERA order no. 07/2016-17 is mentioning only construction of pavement. Also under Annexure-I of AERA order no. 07/2016-17, there no provision w.r.t. culverts are considered and only cost of pavement is considered. This scope is addition to the scope/specification specified in AERA order Annexure-II of AERA order no. 07/2016-17.
			b) Cost for earth filling, Construction of Drain & construction of 1/2/3 vent culvert and pipe culvert under the taxi for cable crossing & Drainage.		b) Also the scope/specification for Pavement mentioned in AERA consultation paper no. 05/2014-15 referred under AERA order no. 07/2016-17 is also limited to only civil works (excluding cost required for earth filling, lighting
			c) Cost for Electrical Installation wrt PTT.		
			d) Component of GST equivalent to earlier applicable service tax i.e. 15% of 40% on (Rs. 97.89 Crs - Rs. 44.88 Crs.).		

		and drainage ) c) Also under working calculation at Annexure-I of AERA order no. 07/2016-17, cost of pavement excluding the AG lighting is considered. d) Earlier VAT was part of Project cost. Service tax was to be reimbursed separately. After implementation of GST, service tax is merged is GST, hence need to be accounted for.												
	Cost proposed by AAI (INR crores)	98.00												
	AERA is requested to consider the full cost of PTT at Rs. 98.00 crores.													
13	<b>Refer Para-7.14 table no.20 – Covid-19 impact on PDC of proposed capex.</b>													
	AERA has considered the PDC of project submitted by AAI. However due to COVID 19/ Lockdown the PDC has been shifted.	AAI has reviewed the PDC of the capex due to impact of COVID - 19 in the meeting held on 20/05/2020. Revised PDC as submitted by the ED Engg NR, AAI are as given below. AERA is requested to consider the revised PDC in the MYTP.												
	<table border="1"> <thead> <tr> <th>Name</th> <th>Earlier PDC</th> <th>Revised PDC</th> </tr> </thead> <tbody> <tr> <td>Expansion of Terminal Building</td> <td>March 2022 (submitted by AAI) Sept 22 (Taken by AERA)</td> <td>Dec 2022</td> </tr> <tr> <td>Parallel Taxi Track</td> <td>Rhab. 		Upgradation of ALCMS & provision of ILCMS for CAT IIIB Lighting	Sept 2021 ( But AERA has shifted it to FY 22-23)	March 2022*
		SITC of Inline XBIS – 2 <sup>nd</sup> Phase	March 2021	May 2021
		Body Scanners	March 2021	May 2021
		TCV ( Threat Containment Vessel)	March 2021	June 2021
		Runway Mechanical Sweeper	March 2021	March 2022
		CFT and RIVs	March 2021	March 2022
		Provision of AVDGS for Parking Bays	Dec 2019	March 2021*
		Replacement of 2 nos outlived Baggage Conveyors Belt by New Baggage Conveyor in Domestic Arrival	June 2020	March 2021*
		SITC of SCCTV (Security closed-circuit television)	Aug 2019	July 2020*
		Provision of road from apron to fire station	April 2020	Sept – 2020
		Replacement of old outlives DG sets in Phase-I Power House	April 2020	July 2020
		Replacement of flooring	Dec 2021	March 2022.
		*Accordingly Maintenance cost has also been shifted.		
14	<b>Refer Para-7.13 : Replacement of flooring:</b>			
	AAI has proposed a capital expenditure of INR 8 crores for replacement of flooring in existing Terminal building. However, the Authority believes that the nature of the work is Operations & Maintenance and proposes to shift it to Repair & Maintenance expenses.	Replacement of flooring is a capital expenditure as it constitutes bringing into existence a new asset in place of the old one. AERA is requested to consider this as capital expenditure as proposed by AAI. The revised PDC is March 2020.		
15.	<b>Refer Para-11.9 and 11.10 table no.32-Non-Aeronautical Revenue-Growth Rate.</b>			
	The additional 10% growth in the Restauraent snack bar, Hording and display, TR Stalls , Rent and service from	The 10% additional growth due to operation of expanded terminal building initially in FY		

	non residential building, Duty free, Car parking, Car rental and addmission ticket in the FY 2022-23 proposed by AAI as PDC of Terminal Bulding Was March 2022.	<p>2022-23 is proposed to be shifted to FY 23-24 due to revised PDC Dec 2022.</p> <p>AAI has reviewed the revenue arising from the commercial contract in the meeting held on 20/05/2020 and it is proposed to charge in FY 20-21 only 50% of Non-aeronautical of FY 19-20. In the FY 2021-22, 70% of FY 19-20 and In the FY 22-23 100% of FY 19-20 and there after @10% escalation to charge considering the effect of Covid-19.</p> <p>AERA is requested to consider the revised projection for the determination of Tariff.</p>
16.	<b>Expenses due to Lockdown/ Covid</b>	
	Electricity and Sanitization expenses.	<p>It is proposed that in the year 2020-21 the electricity be considered @35% (assumption basis) for April 2020 and May 2020 due to Lockdown because of Covid.</p> <p>10% of Repair And Maintenance (Civil) is proposed as Additional R&amp;M, due to Covid 19 for Sanitization , PPE, Temporary Partition etc.</p>
17.	<b>Additional increase in Operating expense due to Expanded Terminal Building.</b>	
	<b>Additional increase in Operating expense</b>	<p>The additional increase in the following expenses due to operation of expanded terminal building initially in FY 2022-23 is proposed to be shifted to FY 23-24 due to revised PDC Dec 2022.</p> <ul style="list-style-type: none"> <li>▪ Pay &amp; Allowance</li> <li>▪ Electricity</li> <li>▪ Upkeep</li> <li>▪ Watch and Ward</li> <li>▪ Repair and maintenance</li> </ul>
18.	<b>Table 22 and 24: Depreciation Rate proposed by AAI</b>	
	Table 22 may be referred: It is mentioned that for Depreciation rate of 20% taken by AAI upto FY 2017-2018 i.r.t of Other office equipment. And same 20% has been recommended by AERA to be applied for FY 2017-18 and 2018-19 as per Table 24.	<p>It may be clarified that AAI has considered the depreciation rate of 18% w.r.t. other office equipment as per AAI Depreciation rates.</p> <p>AERA is requested to consider the depreciation rate of 18% w.r.t. other office equipment for calculation of RAB and FY 2017-18 and FY 2018-19.</p>
19.	<b>Refer Para 12.8: Trial balance for FY 2018-19</b>	
	1. An amount of INR 0.5 lakhs in item titled "Office Expenses" pertaining to AAICLAS & ANS has been included erroneously as part of Administrative & General Expenses;	1. There is wrong booking of the segment at the station level in these petty expenses. Therefore, the Misc office expenses and Meeting/Seminar Ent. Expenses of all segment have been

<ol style="list-style-type: none"> <li>2. An amount of INR 0.12 lakhs in item titled "Printing &amp; Stationary" pertaining to ANS has been included erroneously as part of Administrative &amp; General Expenses;</li> <li>4. An amount of INR 18.25 lakhs in item titled "Hiring of Manpower" pertaining to ANS has been included erroneously as part of Administrative &amp; General Expenses;</li> <li>5. An amount of INR 17.69 lakhs in item titled "Electronics" pertaining to ANS has been included erroneously as part of Repair &amp; Maintenance Expenses.</li> </ol>	<p>clubbed together and then allocated as per employee ratio. As a result the proportion of ANS and Cargo comes out to be Rs. 4.23 lakhs.</p> <ol style="list-style-type: none"> <li>2. Tele phone expenses bills are generally initiated by CNS dept. however, the telephones are used by all the employees. So, The telephone of ANS and Airport are clubbed together and then allocated as per employee ratio.</li> <li>3. There is wrong booking of the segment at the station level in these petty expenses. Therefore, the Printing and stationery and pstage and courier expenses of all segment have been clubbed together and then allocated as per employee ratio. As a result the proportion of ANS comes out to be 3.89 lakhs.</li> <li>4. The total of Hiring of manpower Ledger all segments taken together is Rs. 72.98 lacs lakhs out of which the allocation has been made as under as per actual. <ol style="list-style-type: none"> <li>a) Rs. 6.22 lacs F&amp;A manpower allocated as AERO Expenses.</li> <li>b) Rs. 11.33 lacs FIDS- allocated as AERO expenses.</li> <li>c) Rs. 11.83 for EPBAX – has been allocated in Employee ratio.</li> <li>d) Rs. 43.26 lacs for manpower of Drivers allocated as per Driver ratio.</li> <li>e) Remaining amount Rs. 0.34 lacs has been considered as aero.</li> </ol> <p>So, the allocation has been made on actual basis.</p> </li> <li>5. This figure comprise of three ledger: <ol style="list-style-type: none"> <li>a) Tel. Leased Lines/Sp: Employee ratio has been applied as these are intitiated by CNS but used by all employees.</li> <li>b) R&amp;M-Other CNS Eqpt: Has been considered on actual basis as these includes the expenses of studio announcement which is aero in nature. aero, EPBAX AMC for which employee ratio is being used.</li> </ol> </li> </ol>
---	--

		<p>c) R&amp;M: COMP., IT H/W: Since the computers are used by all employees. Therefore, expenses all ans and airport have been clubbed together and then allocated as per employee ratio. As a result the proportion of ANS comes out to be INR. 8.53 lakhs.</p> <p>AERA is requested to consider these expense as per MYTP submitted by AAI.</p>																						
20.	<b>Refer Para 12.11: Payroll expenses</b>	<p>The Authority observes that AAI has allocated 4.03% of Payroll expenses – non CHQ/RHQ to Non Aeronautical expenses. The Authority proposes to revise this in proportion of employee ratio for FY 2018-19, 5/120 i.e. 4.17%.</p> <p>Out of 207 staff there are 6 employees for HR and finance who also look after payroll expenses of 76 ANS employee and Percentage of ANS for the common expenses has already been deducted from total payroll in F-11 of MYTP. Proportion of HR &amp; Finance to ANS are as under:</p> <table border="1"> <tr> <td>Total Airport Strength</td> <td>131</td> </tr> <tr> <td>Total ANS Strength</td> <td>76</td> </tr> <tr> <td>Total</td> <td>207</td> </tr> <tr> <td>Finance &amp; HR</td> <td>17</td> </tr> <tr> <td>proportion of Finance &amp; HR to ANS</td> <td>6</td> </tr> <tr> <td>Percentage of ANS for the common expenses</td> <td>4.76</td> </tr> </table> <p>In the same way of 207 staff there are 0.65 employees for HR and finance who also look after payroll expenses of 5 Non Aero (Comm. &amp; Land) employee and Percentage of Non-aero for the common expenses has already been deduct from total payroll in F-11 of MYTP. Proportion of HR &amp; Finance to Non Aero are as under:</p> <table border="1"> <tr> <td>Total Airport Strength</td> <td>131</td> </tr> <tr> <td>Finance &amp; HR</td> <td>17</td> </tr> <tr> <td>Non Aero Staff</td> <td>5</td> </tr> <tr> <td>proportion of Finance &amp; HR to Non Aero</td> <td>0.65</td> </tr> <tr> <td>Percentage of Non Aero for Common Staff expenses</td> <td>0.50</td> </tr> </table> <p>AERA is requested to consider the above as shown in Form 11 (a) and 11(b)</p>	Total Airport Strength	131	Total ANS Strength	76	Total	207	Finance & HR	17	proportion of Finance & HR to ANS	6	Percentage of ANS for the common expenses	4.76	Total Airport Strength	131	Finance & HR	17	Non Aero Staff	5	proportion of Finance & HR to Non Aero	0.65	Percentage of Non Aero for Common Staff expenses	0.50
Total Airport Strength	131																							
Total ANS Strength	76																							
Total	207																							
Finance & HR	17																							
proportion of Finance & HR to ANS	6																							
Percentage of ANS for the common expenses	4.76																							
Total Airport Strength	131																							
Finance & HR	17																							
Non Aero Staff	5																							
proportion of Finance & HR to Non Aero	0.65																							
Percentage of Non Aero for Common Staff expenses	0.50																							
21.	<b>Refer Para 12.12 : Administration and General expenses</b>																							

	<p>The Authority observes that AAI has allocated 99% of Administration and General expenses – non CHQ/RHQ to aeronautical expenses. The Authority proposes to modify this ratio based on the terminal building ratio and employee ratio for allocation of various components of these expenses. Accordingly, 93.95% of Administration and General expenses – non CHQ/RHQ may be allocated to aeronautical expenses.</p>	<p>AERA may be requested to consider the Terminal Building ratio on actual basis i.e. 5.43% and employee ratio of Non-aero/Aero ratio at 5: 109.</p>
22.	<p><b>Refer Para-12.13 –Operation &amp; Maintenance Exp:-Utilities and outsourcing Exp.</b></p>	
	<p>AAI has proposed to allocate the entire Utilities and outsourcing expenses to aeronautical expenses. However, since the Utilities and related expenses shall be proportionately utilized for non-aeronautical functions also, the Authority proposes to allocate 90% of Utilities and outsourcing expenses to aeronautical expenses, in line with the Terminal Building ratio</p>	<p>Utilities and outsourcing expenses have the following components: -</p> <ul style="list-style-type: none"> <li>• Electricity charges: - Electricity charges have been bifurcated into 10.58%(ANS):0.83%(Cargo):88.52% Airport:0.07% Non-Aero ( data provided by station) and the recoveries against the electricity provided to concessionaires and Staff qtr. have already been adjusted and the Net Expenditure for Aero has been considered in the proposal.</li> <li>• Consumption of Stores &amp; Spares includes consumption of paper glass for the passengers are 100% Aero and consumption of stores &amp; Spares, POL have been considered on actual basis.</li> <li>• Fees paid to outsider &amp; Hire charges are allocated on the actual basis. AERA may be requested to consider the same amount as proposed in the MYTP.</li> <li>• CHQ/RHQ expenses and retirement benefit were projected provisional basis for FY 2018-19 based on FY 17-18. Now it is proposed to project on actual basis for FY 2018-19.</li> </ul>
23.	<p><b>Refer Para : 13.7 Table 42: Fuel Throughput Charges</b></p>	
	<p>AERA has considered Throughput charges of Rs. 5.42 cr. for the FY 2019-20.</p>	<p>Fuel Throughput Charges may be considered for 9.5 months only in the FY 2019-20 as the , the Ministry of Civil Aviation has discontinued the levy of fuel throughput charge at all airports with effect from 15th January 2020 vide MoCA letter no. F.No. AV-13030/216/2016-ER (Pt.2) dated 8th January 2020. Hence AERA may be requested to consider the amount of Rs. 4.51 crores for FY 2019-20 (proportionately for 9.5 months adjusted for ATM growth.)</p>

24.	Refer Para-15.5 Table no.-47 –Calculation of ARR and Yield per passenger

1. No Landing charges shall be payable in respect of a) aircraft with a maximum certified Capacity of less than 80 seats, being operated by domestic schedule operators at airport and b) helicopters of all types C) DGCA approved Flying school/flying training Institute aircrafts.
2. All domestic legs of International routes flown by Indian Operators will be treated as Domestic flights as far as landing charges is concerned, irrespective of flight number assigned to such flights.
3. Charges shall be calculated on the basis of nearest MT (i.e. 1000 kg).
4. Flight operating under Regional connectivity scheme will be completely exempted from Landing charges from the date of the scheme is operationalized by GOI.

## **II) PARKING CHARGES**

<b>Proposed Rates (In INR)</b>		
<b>Weight of the Aircraft</b>	<b>Parking Charges per Hour( First two hours after free parking period)</b>	<b>Parking Charges per Hour(beyond four hours)</b>
Upto 25 MT	3.51 Per Hour Per MT	7.02 Per Hour Per MT
Above 25 MT up to 50 MT	87.74+ 4.68 per MT per Hour in excess of 25 MT	175.48+9.36 per MT per Hour in excess of 25 MT
Above 50 MT up to 100	204.73+ 9.36 per MT per Hour in excess of 50 MT	409.45+18.72 per MT per Hour in excess of 50 MT
Above 100 MT to 200 MT	672.67+ 11.70 per MT per Hours in excess of 100 MT	1345.34+23.40 per MT per Hours in excess of 100 MT
Above 200 MT	1842.53+ 12.87 per MT per Hours in excess of 200 MT	3685.05+25.74 per MT per Hours in excess of 200 MT

### **Notes-**

1. No parking charges shall be levied for the first two hours. While calculating free parking period, standard time of 15 minutes shall be added on account of time taken between touch down time and actual parking time on the parking stand. Another standard time of 15 minutes shall be added on account of taxing time of aircraft from parking stand to take off point. These periods shall be applicable for each aircraft irrespective of actual time taken in the movement of aircraft after landing and before take-off.
2. For calculating chargeable parking time, part of an hour shall be rounded off to the nearest hour.
3. Charges shall be calculated on the basis of nearest MT.
4. Charges for each period parking shall be rounded off to nearest rupee.
5. At the in-contact stands and open stands, after free parking, for the next two hours normal parking charges shall be levied. After this period, the charges shall be double the normal parking charges.
6. Night parking charges (between 2200 hours to 0600 hours) will be similar to the parking and housing charges as per table above. Night parking charges are waived off in principle for all domestic scheduled operators at Amritsar Airport if the State Government has brought the rate of tax (VAT) on ATF  $\leq 5\%$ . The above waiver of night parking charges will be made applicable from the date of implementation of  $\leq 5\%$  tax on ATF by the State Govt. In the event of upward revision in the tax rate of ATF by the State Govt., the relief

of free night parking charges will also be deemed to be withdrawn for all the airports within the jurisdiction of the said State.

7. Flight operating under Regional Connectivity Scheme will be completely governed by AIC issued on this subject by DGCA.
8. For unauthorized overstay of aircraft an additional charge of Rs. 20.00 per hour per MT beyond 24 hours is to be payable.

### **III) USER DEVELOPMENT FEES (UDF)**

<b>Passenger</b>	<b>Proposed UDF (per embarking passenger)</b>
Domestic	Rs. 700/-
International Passenger	Rs. 1300/-

**PSF (F) is proposed to be subsumed in the UDF.**

#### **Notes:-**

- a) Collection charges: if the payment is made in accordance within period prescribed under credit policy of AAI, then collection charges at INR Rs. 5.00 per departing passenger shall be paid by AAI. No collection charges shall be paid in case the airline fails to pay the UDF invoice to AAI within the prescribed credit period or in case of part payment. To be eligible to claim this collection charges, the airlines should have no overdue on any account with AAI.
- b) No collection charges are payable to casual operator/non-scheduled operators.
- c) For conversion of UDF in foreign currency, the RBI reference conversion rate as on the last day of the previous month for tickets issued in the 1<sup>st</sup> fortnight and rate as on 15<sup>th</sup> of the month for tickets issued in the 2<sup>nd</sup> fortnight shall be adopted.
- d) Revised UDF charges will be applicable on tickets issued on or after 01/08/2020.
- e) No UDF/PSF (Facilitation) will be levied for Transit Passengers.

**V) Aviation Security Fee** : Applicable as prescribed by MoCA.

### **VI Exemption from levy and collection from UDF/ASF at the Airports**

The Ministry of Civil Aviation, Govt. of India vide order no. AV.16011/002/2008-AAI & dated 30.11.2011 has directed AAI to exempt the following categories of persons from levy and collection of UDF and Further Ministry of Civil Aviation vide Letter no. AV.13024/659/2015-AS dated 07.06.2019 have directed all airports to exempt the following categories from levy and collection of ASF:

- (a) Children (under age of 2 years),
- (b) Holders of Diplomatic Passport,

- (c) Airlines crew on duty including sky marshals & airline crew on board for the particular flight only (this would not include Dead Head Crew, or ground personnel),
- (d) Persons travelling on official duty on aircraft operated by Indian Armed Forces,
- (e) Persons traveling on official duty for United Nations Peace Keeping Missions.
- (f) Transit/transfer passengers (this exemption may be granted to all the passengers transiting up to 24 hrs. "A passenger is treated in transit only if onward travel journey is within 24 hrs. from arrival into airport and is part of the same ticket, in case 2 separate tickets are issued it would not be treated as transit passenger").
- (g) Passengers departing from the Indian airports due to involuntary re-routing i.e. technical problems or weather conditions.

## **VII) GENERAL CONDITION:**

- a) All the above Charges are excluding GST. GST at the applicable rates are payable in addition to above charges.
- b) Flight operating under Regional connectivity scheme will be completely exempted from charges as per Order No.20/2016-17 dated 31/03/2017 of the Authority from the date the scheme is operationalized by GOI.
