**Sub: Comments on Consultation Paper no. 19/2017-18 dated 1<sup>st</sup> Sep 2017 – in the matter of determination of aeronautical tariffs at civil enclave in respect of Kolkata International Airport for the second control period (01.04.2016 to 31.03.2021)**

Respected Sir,

This has reference to the subject Consultation Paper. The fuel throughput charge proposed by AAI for Kolkata for the period 01.07.2017 - 31.03.2018 is given below:-

	Unit	Tariff w.e.f 01.10.2017 to 31.03.2018
Fuel Throughput Charge	Rs/KL	1478.94

We would like to submit that the current throughput charge which is same as the proposed charges is one of the highest in the country. Such high throughput charges has been regularly criticised by the airlines.

Hence we suggest that the rate may be reviewed and brought down to rational level. We also suggest that any new order may only be released on prospective basis.

Thanking you.

Yours faithfully  
For Indian Oil Corporation Ltd

Krishna Prakash

Dy. General Manager (Aviation)
