Attn Mr S. Machendranathan,  
Chairperson AERA,

Dear Sir,

Ref consultation paper no 04/2016-17 on annual tariff proposal (T1 to T5) for 2<sup>nd</sup> control period in respect of M/S BSSPL, our comments are as below.

We do not have any objection for the proposal as mentioned in BSSPL letter BSSPL.HO.2015-16.AERA dated 09.03.2016 for increase in the rate as per page 3 of the said document under the heading of Approval for ITP tariff.

However we request you to make the increase in prospective basis.

Also request you consider giving us minimum one month notice from the date of receipt of order at our end to the effective date of increase

Request your good office to consider our request.

Regards  
Apurba Sengupta
